

Business Sponsorships

The Circle offers sponsorship opportunities to corporations and businesses. This is good news for those smart businesses who understand the importance of creating relationships in the Native American communities in Minnesota. Every reservation (11) in Minnesota gets The Circle delivered to its tribal headquarters. When your logo appears in our newspaper as a sponsor, the message is sent that you support the Native American community. Please take a look at our sponsorship levels and see how we can help you connect to Minnesota's large American Indian community.
